DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with George W. Rauchfuss on 11/9/2009.

In claim 43, line 1, after the phrase "The method of claim" please insert the following – 25—

In claim 44, line 1, please delete "composition" and insert therein –method--

REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:
2. The applicant's amendments now require a specific range of pH and a specific range of the metal halide.
3. The previous art cited related to the formation of the metal halide and compositions containing the metal halide. In those references teaching the formation of the metal halide, the compositions are acidic due to the use of a halide acid used to form the metal halide. Because of the inclusion of the halide acid, these composition are typically very acidic and would not read on the instant alkaline composition.

Similarly these compositions typically produce quantities of the metal halide in amounts higher than those currently claimed.

4. Similarly the Schindler reference teaches compositions for post laundry treatment using the metal halide. In this case the composition is also acidic and would not read on the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Harold Pyon can be reached on 571-272-1498. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
